Issue 4 | May 2018

As we approach the completion of our Rotterdam refinery expansion, we're thrilled to share with you its latest milestones, along with our experts' unique insights on the project.

Did you know that Rotterdam isn't our only refinery expansion? Our Jurong Refinery in Singapore also achieved a major landmark as its [new lubes reactor](#) was lifted into place in February.

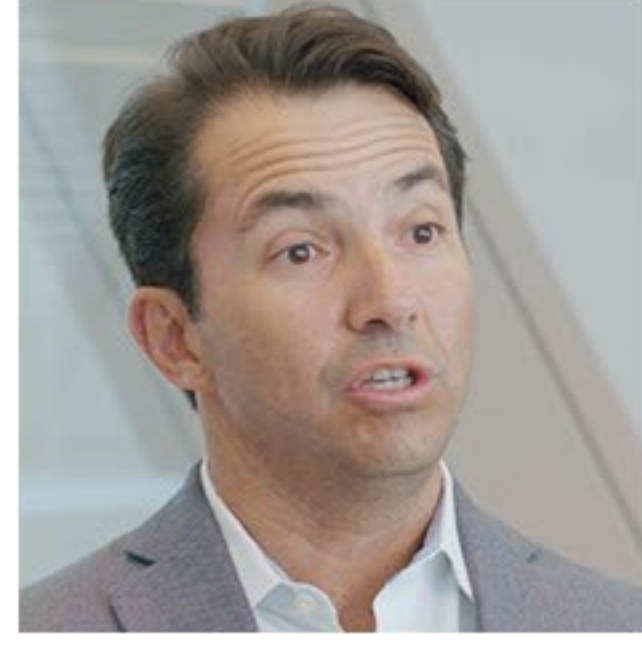

[Parallel perspectives](#)

Meeting broad industrial demands

Watch the next installment of our ["Parallel perspectives" video series](#), where two experts weigh in on one industry topic. In this video, **Tarek Elsolh** and **David Blain** explain how to meet specific viscosity and solvency needs by selecting the right Group I or II base stocks.

In the spotlight

In our latest installment, Alex Mata (Global Basestocks and Specialties Product Offer Advisor) explains how he collaborates with additive companies to ensure formulation readiness and meet customer needs.
