Issue 9 | October 2019

In this latest edition of Taking Stock, we share the great news that ExxonMobil's Rotterdam refinery has received the official ISO 9001:2015 certification for the manufacture, storage and loading of lubricant base stocks and process oils.

We also share news of upcoming conferences where we hope to meet many of you in person.

A trusted partner

"Our relationship with the ExxonMobil Basestocks team has enabled our business to grow by 15 percent over the last year. ExxonMobil plays a crucial role in our growth – from the high-quality base stocks they provide to the in-depth expertise knowledge they share."

- Emarat, automotive and industrial lubricant manufacturer

* This testimonial is based on the experience of a single customer. Actual results can vary depending upon the type of equipment used and its maintenance, operating conditions and environment, and any prior base stock used.
