

This document is supplied for information only and is not part of any contract for the supply of marine fuels. Any warranties as to the quality of marine fuels supplied will be set out separately in a contract with the relevant ExxonMobil entity. The technical information and recommendations are offered for recipient's consideration, investigation and verification, and relate only to the named product or materials when not in combination with any other product or material. The recipient is solely responsible for all determinations and due diligence regarding any use of material or product and any process in its relevant area. The information and recommendations are always subject to and do not prevail over, any recommendation from a motor/equipment/machinery builder. ExxonMobil expressly disclaims any and all liability of direct, indirect or consequential nature for any loss, damage, or injury suffered or incurred, directly and indirectly, as to any results obtained or arising from any use of the product or material in reliance on this technical information and recommendations for such use.
